

What better location could you ask for than to live right on the canals of the beach town of Barra de Navidad? Villa Santa Barbara features 2 separate homes, a 2 bed 2 bath and a 3 bed 3 bath. This place is a rental machine with 4 individual suites holding up to 12 people but can also be split into just the 2 houses. Great investment for a large family or two families to invest together. A short walk to all the activities in Centro but far enough away to have a nice peaceful place to yourselves.
